Reason for Existence

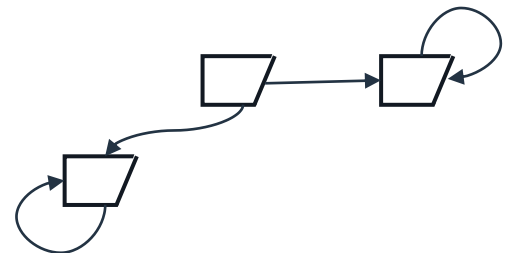

- Measure the discrepancy between what your business currently does and what it ideally should look like.
- Enhance your understanding of the severity of your current situation.
- Align the three architectural layers with one another.
- Ensure that the three architectural layers all point in the same strategic direction.
- Determine the effort required to bridge the gap between your current and ideal business.

1.) Gaps at Business Level

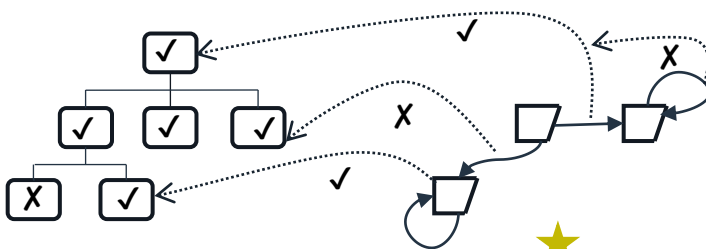

1.1) Develop FSD <Ideal>

1.2) Develop OID <Current> for procedure.

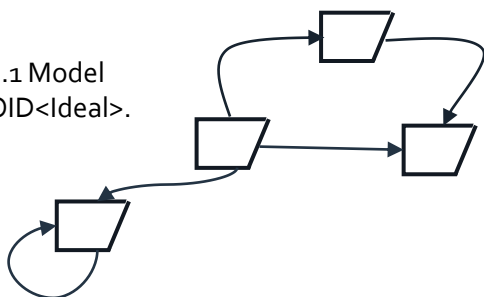

1.3) Map FSD <Ideal> to OID <Current>

...to determine OID <Ideal> and **Gaps at Business level.**

2. Gaps at Procedure Level

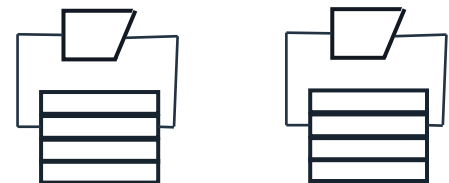

2.1 Model
OID <Ideal>.

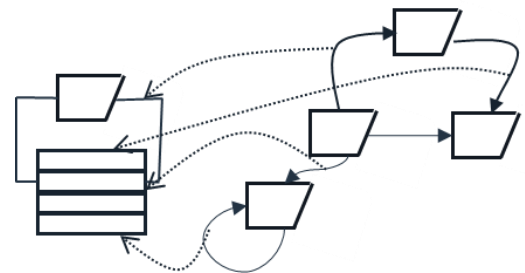

2.2 Discrepancies between OID <Current> and
OID <Ideal> equals **Gaps at Procedural level.** ★

3. Gaps at Technology Level

3.1) Model the Technology Architecture Building
Blocks <Current>.

3.2) Map OID <Ideal> to Technology Architecture
Building Blocks <Current> to get Technology
Building Blocks <Ideal>.

3.3 Discrepancies between Technology
<Current> and Technology <Ideal> equals **Gaps
at Technology & Infrastructure level.** ★
