

DISCON Specialists

EA Enabling Techniques

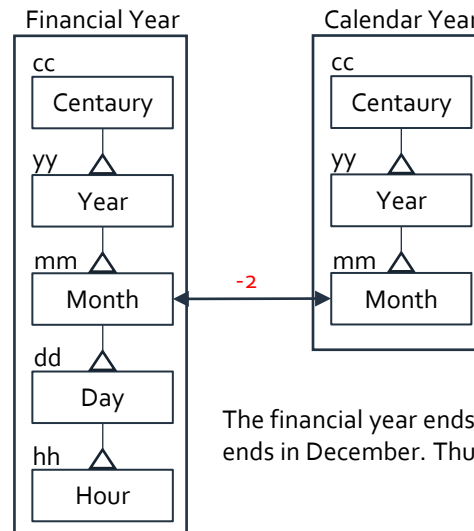

Timing Functions

Reason for Existence

Data is central to any decision making process in any business, and the data needs to be available at the right time and in the right format. This is particularly relevant in the process of evaluating a package or any change in a business process or change of the physical platform that results in data changes. This plays an important role in Data Analysis and Design.

1.) Time Structure Diagram

The financial year ends in February where the Calendar Year ends in December. Thus, a difference in 2 months

2.) Determine Time Format

- Intervals
- Duration
- Start Time
- End Time

FY(****\01-06\02,09,11**)

3.) Allocate Time Format to Activity
